## Lesson procedure:

### Warm up and maintenance:

#### 1. Greetings

Greet the students by name as they enter the classroom and gesture for them to sit down (on cushions if you have them) in a fan-shape around you.

#### 2. Name tags

Before class, prepare some name tags (stickers or pin-on tags) with each student's name written in dots or dashes in lower case letters. Sit down with your students and lay out the name tags in front of you. Pick up each tag and encourage the student to recognize his/her name. Do this for everyone.

Finally, have everyone take out a crayon or pencil and trace their name on their tags and stick them on.

#### 3. Glove puppet greetings

Bring out your glove puppet bag and have everyone shout "Hello!" into the bag until he wakes up and jumps out of the bag. Then model chatting with the glove puppet ...

*Puppet: "Hello", What's your name?"*

*Teacher: "My name is..."*

*Puppet: "How are you?"*

*Teacher: "I'm fine, thank you".*

... and then have the puppet say hello to each student and ask them the same questions. Finally, go around saying "Goodbye" and "See you" before going back into the bag to sleep.

#### 4. Sing "The Hello Song"

Sit in a circle and sing the song (clap along or pat knees).

##### Lyrics for "The Hello Song"

Hello, hello,  
How are you today?  
Hello, hello,  
How are you today?

##### Gestures for "The Hello Song"

These are quite straight forward. First time you play the song do the gestures and encourage everyone to do them with you.

- Wave as you sing the "Hello, hello" parts.

I'm fine, thank you,  
I'm fine, thank you,  
I'm fine, thank you,  
And how about you?

Hello, hello,  
How are you today?  
I'm fine, thank you,  
And how about you?

- Gesture to others as you sing "How are you today?"
- Point to yourself as you sing "I'm fine, thank you"
- Hand gesture towards another student as you sing "And how about you?".

## 5. Homework check

Check each student's homework that you set in the last lesson. Ask each student some questions about their homework worksheet (e.g. "What shape is this?", "What part of the body is this?", "Is this a circle/knee?", etc.), give lots of praise, and then put some kind of mark on the homework sheet (e.g. a sticker, a stamp or draw a smiley face).

Finally, tell your students to put their homework back into their bags.

## 6. Do "Exercise routine" activity

Say the following and have the students follow your lead:

"Stand up (T stands and so does everyone else)  
"Hands up / hands down" (do 4 or 5 times)  
"Jump" (4 or 5 times)  
"Kick (4 or 5 times)  
"Run! / Stop!" (4 or 5 times)  
"Turn around! / Stop!" (4 or 5 times)  
"Wiggle!" (a few seconds)  
finally "Sit down".

## 7. Sing "The numbers song"

Get everyone to stand up and march along and do the actions. Make sure you do the actions with the kids so that they can follow you and copy what you are doing.

## Lyrics for "The numbers song"

1 – 2 – 3 – 4 – 5 Jump!  
6 – 7 – 8 – 9 – 10 Jump!  
Turn around and clap your hands  
And jump!

6 – 7 – 8 – 9 – 10 Kick!  
Turn around and clap your hands  
And Jump!  
Kick!  
Wiggle!  
And Jump!

## Gestures for "The numbers song"

- As the music is in a marching-style, start off with everyone marching enthusiastically on the spot to the rhythm.
- Whilst marching, count off the numbers on your fingers as the numbers are sung.
- Do each action word (e.g. jump, turn around, clap your hands, etc.) at the point they are sung in the song.

## 8. Read classroom reader "What Colour Am I?"

Before class, download and print off the reader "What Colour Am I?" from our website. As you go through each page, point to the pictures and let your students shout out what colour it should be.

Get the students really involved in the story by asking lots of questions (e.g. eliciting the objects and their colours) and getting everyone to point to colours in the classroom.

## 9. Do the "What's in the bag?" activity

Time for the bag again. Before class, put in a couple of new objects (e.g. a crayon, a plastic bottle, a sock, a paper cup, a leaf, a ball, a teddy, etc. - anything lying around (and safe!)) and take out a couple of plastic fruits.

Show the bag to your students, shake it to rattle the objects inside, and ask, "What's in the bag?"

Randomly pull out different objects and teach/ elicit the words – in each case, have students hold and pass the objects around. You can even have students pull the objects out of the bag instead of you taking them out – with eyes closed to make it fun!

Finally, place/throw the objects around the classroom and have each student retrieve an object as you call out its name and put it back in the bag.

## New learning and practice:

### 1. Review/Teach 6 body parts

This lesson we'll learn 2 more body parts. Before class, prepare flashcards for head, shoulders, knees and toes, eyes, ears. Slowly reveal each flashcard card so students can guess what the picture is. Then, have your students touch their part of the body (so, when you show the "head" picture get everyone to touch their heads). Chorus each word 3x and ask your students to individually say each word.

### 2. Practice the body vocab

Lay the 6 flashcards that you have just used in front of you, facing your students (or lined up on the board). Randomly touch each card and have your students touch that part of their body and say the word. Do a final, faster round.

### 3. Play "Teacher says"

This is the game "Simon says" but using the word "teacher" instead. Go straight into the game (no explanations necessary) by saying "Teacher says touch your (knees)". Do the action and make sure everyone else follows along. Do a few more.

Then at some point give a command without the "Teacher says" part (e.g. "Touch your toes"). Everyone will touch their toes, so make it very clear that they shouldn't do this when you don't say "Teacher says".

After a while your students will get the hang of it. Play the game faster and faster. When a student makes a mistake, they have to sit the rest of the game out. The last student standing is the winner.

## 4. 5-minute play time

This is an optional segment that can be part of all your lessons at this level. Allow your students to play with any games or toys you have. If possible, use large tubs or boxes to hold the toys and bring them out for a few minutes each lesson. Tubs filled with animals, plastic fruit, building blocks, kitchen sets, plastic food, cars & vehicles, Mr. Potato Head dolls and so on.

Encourage your students to ask you for the toy they want to play with, circulate during the play time and ask students about their toys. It's also a good opportunity for a quick rest room break!

## 5. Teach/Review 3 shapes

Before class, cut out 4 squares, 4 circles and 4 triangles from some coloured card.

Start off by showing the square and eliciting / chorsing "square". Hand the square to a student who says "square" and passes it on to another, each student saying "square" as they pass it around. Next, do this for the circle and then teach/chorus triangle. You can also elicit colours and sizes (e.g. a "big, yellow, square", "a small, blue circle", etc.).

## 6. Play "Missing shape" and "Shape touch"

Put all the square, circle and triangle shapes on the floor and gather everyone around. Tell everyone to close their eyes. Take away one shape and say, "Open your eyes". Everyone must guess which shape is missing.

With the shapes still on the floor, say "Hands up in the air" – once all hands are up say, "Touch a (green) circle" – and have everyone quickly touch (not slam!) a green circle. Do this for all of the shapes.

## 7. Do "Fish shapes trace" worksheet

Hold up the worksheet and model tracing and colouring in the shapes of the fish – elicit the shapes and colours as you do so. Have your students take out their crayons and complete their worksheets. Spend time with each student, helping, asking questions and praising. This is a really good exercise for developing their motor skills, so really encourage them to concentrate on keeping their tracing on the dashed lines.

Finally, hold up each student's work in turn and ask them to tell you the shapes and colours. Tell your students to put their worksheets into their bags.

## Wrap up:

### 1. Assign homework: "6 body parts draw"

Hold up the homework worksheet and model tracing the lines and drawing the body parts. Even very little ones can do this – their drawings may not look anything like the body parts, but they will know what they are! Give out the worksheets and say, "Put your homework in your bags" and help them to do so - this is important as they will probably want to start colouring them right away.

### 2. Say goodbye to glove puppet

Take out the bag again and get everyone to wake up the glove puppet by shouting its name into the bag (e.g. "Cookie Monster!"). Bring out the puppet and go through the same routine - go to each student and say hello, ask their name and the say goodbye / see you.

Then put the puppet back in the bag (back to sleep).

### 3. Sing "The Goodbye Song"

Sit together in a circle and sing and clap along.

#### Lyrics for "The Goodbye Song"

Goodbye, goodbye,  
See you again.  
Goodbye, goodbye,  
See you again.

#### Gestures for "The Goodbye Song"

The first time you play the song do the gestures and encourage everyone to do them with you.

- Wave as you sing the "Goodbye, goodbye" parts.

It's time to go,  
It's time to go,  
It's time to go,  
See you next time.

Goodbye, goodbye,  
See you again.  
It's time to go,  
See you next time.

- Hold your hand above your eyes (as you would when you are looking into the distance and keeping the sun out of your eyes) and look at another student as you sing "See you again".
- Tap watch (or imaginary watch) and then point to the door as you sing "It's time to go".
- Point towards another student as you sing "See you next time".

#### 4. Do "Quick check" and say goodbye

Time to leave the class. Make sure everything is put away and the students have gathered their belongings. Have them line up at the door and place yourself between the door and the students. For each student hold up the worksheet from today's lesson and ask them to say both shapes and their colours. When they say the words correctly say goodbye and let them leave. If they make a mistake, have them go back to the end of the line - they will have to try again once they reach the front!
